Message from the Desk of the Dean

Dr H B Mehta
Dean
Government Medical College,
Bhavnagar

Dear Students and Parents,

On behalf of Government Medical College, Bhavnagar I Welcome all fresher students to this institute committed for high standard, academic excellence and all round growth of all students. I take this opportunity to congratulate all the students and their parents for achieving their academic goal and wish you all a very bright future and all-round success.

For many of you, it might be the first time that you are leaving your home where you are fully supported and taken care by your caring and loving parents, but at the same time you should be happy that you have an opportunity to lead and shape independent life of your own. You have opportunity to prove that even without day to day parental guidance you still can lead a disciplined life, you can use your time in best possible way, you can keep your surrounding clean, you can stay away from bad habit and many more things.

Yours is a Third batch after revision of MBBS curriculum by erstwhile MCI (Medical Council of India) and now NMC (National Medical Commission- Undergraduate medical Education Board). The major changes in new Competency based Curriculum include listing of competencies and learning objectives for each and every topic in the syllabus with vertical and horizontal integration of all subjects under different phases of study. It also includes dedicated time slots for foundation course, Self Directed Learning (SDL), Early Clinical Exposure(ECE), Sports activity, Small Group Discussion(SGD), AETCOM module (Attitude, EThics and COMmunication) and dedicated time for Electives. You are required not only to learn certain basic skills but also required to demonstrate performance of this skill either on mannequin or patient, either under observation or independently, depending on the kind of skill. Students are also required to maintain and submit logbook for each and every subject duly signed by Head of the department as an eligibility to appear for next university exam.

This time because of Covid-19 situation your admission has been delayed and we are forced to curtail your foundation course to some extent. As Covid-19 situation is still prevailing, As medical

student it is mandatory for all of you to learn the covid-19 protocol for which we have organized dedicated half day workshop.

I wish while staying here for next five years you focus on your overall development with keen interest in learning soft skills,.

This institute expects exemplary behavior from you. I assure you, this institute and all our faculties are committed to facilitate your targets of achieving academic and professional goals and your overall development

At the end, I warn all the students to stay away from all kinds of antisocial behavior, be it ragging, be it gender harassment, be it substance abuse, damaging institute property, be it violating rules of institute, because we have zero tolerance policy for this type of behavior or activity.

With best wishes,

Dr. H. B. Mehta
